(Intro)

(Interlude)

Just lying in the bar with my drip feed on

Talking to my girlfriend, waiting for something to happen

Outro

I wish it was the sixties, I wish I could be happy

G C

I wish, I wish, I wish that something would happen

Where do we go from here?

The planet is a gunboat in a sea of fear

And where are you?

They brought in the CIA, the tanks and the whole marines

To blow me away, to blow me sky high

My baby's got the bends

We don't have any real friends

Just lying in the bar with my drip feed on

Talking to my girlfriend, waiting for something to happen

I wish it was the sixties, I wish I could be happy

I wish, I wish, I wish that something would happen

I wanna live, breathe

I wanna be part of the human race

I wanna live, breathe

I wanna be part of the human race, race, race, race

Where do we go from here?

The words are coming out all weird

Where are you now when I need you?
